Subject: Question on OERA paper

Hi Dan:

OERA's paper is in good shape. Here is their list of priorities. Sort of self-explanatory on the NEPA review. I'm wondering if you think we need to ask for more descriptions of the projects? For sure we need more on methyl bromide. Shall we ask OERA for tribal priorities for consistency? Let me know what you think.

OERA Priorities Issues

Non-Responsive: Material Unrelated to Puget Sound High Tide Line

- Seattle District Corps of Engineers' interpretation of "high tide line"
